1. AIM OF THIS POLICY

The aim of this policy is to outline the practice and procedures for paid and voluntary staff in LBEA to contribute to the prevention of abuse of vulnerable adults through raising awareness and providing a clear framework for action when abuse is suspected. It is aimed at protecting the vulnerable adult and the worker, recognising the risks involved in lone working. The policy covers all staff and areas of work with specific guidance for projects regularly in contact with vulnerable adults.

2. a. DEFINITION OF VULNERABLE

The Police Act 1997 (Enhanced Criminal Record Certificates) (Protection of Vulnerable Adults) Regulations 2000

In these Regulations ‘**vulnerable adult**’ means a person aged 18 or over who is receiving services of a type listed in paragraph (2) below and in consequence of a condition of a type listed in paragraph (3) below has a disability of a type listed in paragraph (4) below.

(2) The services are:

- a. Accommodation and nursing or personal care in a care home.
- b. Personal care or nursing or support to live independently in his/her own home.
- c. Any services provided by an independent hospital, independent clinic, independent medical agency or NHS body;
- d. Social care services.
- e. Any services provided in an establishment catering for a person with learning difficulties.

(3) The conditions are:

- a. A learning or physical disability;
- b. A physical or mental illness, chronic or otherwise, including an addiction to alcohol or drugs
- c. A reduction in physical or mental capacity

(4) The disabilities are:

- a. A dependency upon others in the performance of, or a requirement for assistance in the performance of, basic physical functions;
- b. Severe impairment in the ability to communicate with others;
- c. Impairment in a person’s ability to protect him/herself from assault, abuse or neglect.

A '**Vulnerable Adult**' is defined as someone over 16 who is or may be in need of community care services by reason of mental or other disability, age or illness and who is or may be unable to take care of him/herself or unable to protect him/herself against significant harm or exploitation'

b. DEFINITION OF ABUSE

"**Abuse** is the harming of another individual usually by someone who is in a position of power, trust or authority over that individual. The harm may be physical, psychological or emotional or it may be directed at exploiting the vulnerability of the victim in more subtle ways (*for example, through denying access to people who can come to the aid of the victim, or through misuse or misappropriation of his or her financial resources*).

The threat or use of punishment is also a form of abuse. In many cases, it is a criminal offence" *Centre for Policy on Ageing (1996)*

Types of Abuse

Physical abuse

- Bodily assaults resulting in injuries e.g. hitting, slapping, pushing, kicking, misuse of medication, restraint or inappropriate sanctions.
- Bodily impairment e.g. malnutrition, dehydration, failure to thrive
- Medical/healthcare maltreatment

Sexual abuse

- Rape, incest, acts of indecency, sexual assault
- Sexual harassment or sexual acts to which the vulnerable adult has not consented, or could not consent or was pressured into consenting.
- Sexual abuse might also include exposure to pornographic materials, being made to witness sexual acts and encompasses sexual harassment and non- contact abuse.

Psychological/emotional abuse includes:

- Including threats of harm, controlling, intimidation, coercion, harassment, verbal abuse, enforced isolation or withdrawal from services or supportive networks.
- Humiliation
- Bullying, shouting, swearing

Neglect

- Including ignoring medical or physical care needs, failure to provide access to appropriate health, social care or educational services
- the withholding of the necessities of life, such as medication, adequate nutrition and heating.

Financial or material

- Including theft, fraud,
- Exploitation, pressure in connection with wills, property or inheritance or financial transactions, or the misuse or misappropriation of property, possessions or benefits.

Discriminatory

- Including racist, sexist, or based on a person's disability, and other forms of harassment, slurs or similar treatment.

Multiple forms of abuse may occur in an on going relationship or abusive service setting to one person, or to more than one person at a time, making it important to look beyond single incidents or breaches in standards, to underlying dynamics and patterns of harm. Any or all of these types of abuse may be perpetrated as the result of deliberate intent and targeting of vulnerable people, negligence or ignorance.

No abuse is acceptable and some abuse is a criminal offence and must be reported to the Police as soon as possible.

All those making a complaint or allegation or expressing concern, whether they be staff, service users, carers or members of the general public should be reassured that:

- They will be taken seriously
- Their comments will usually be treated confidentially, but their concerns may be shared if they or others are at significant risk

- LBEA may have specific projects that need to keep more detailed records, and these will be identified by the Senior Project Worker and made known to the team.

e. Planning

- Wherever possible paid staff and volunteers should avoid lone working with a vulnerable adult. But if unavoidable, one to one contact should take place in an environment where other staff or volunteers are present or within sight.

(further guidance can be found in the LBEA Health & Safety Policy on Personal Safety)

f. Access to an independent person

- Any vulnerable adult who comes into contact with LBEA staff or volunteers regularly, should be given information on their right to talk with an independent person, and their name and contact arrangements. This could form part of the normal registration process.

The independent person for LBEA is:

7 WHAT TO DO

To act or not to act

All allegations or suspicions are to be treated seriously. No abuse is acceptable and some abuse is a criminal offence and must be reported to the Police as soon as possible. To determine the appropriate action it is important to consider:

- **Risk** – does the vulnerable adult, staff member or volunteer understand the nature and consequences of any risk they may be subject to, and do they willingly accept such a risk?
- **Self-determination** – is the vulnerable adult able to make their own decisions and choices, and do they wish to do so.
- **Seriousness** – A number of factors will determine whether intervention is required. The perception of the victim must be the starting point.

Factors informing assessment of seriousness will include:

The **perception** by the individual and their **vulnerability**
The **extent** of the abuse
The **length of time** it has been going on
The **impact** on the individual
The risk of **repetition** or **escalation** involving this or other vulnerable adults
Is a **criminal offence** being committed

8 SUMMARY

- The employee or volunteer's primary responsibility is to protect the vulnerable adult if they are at risk
- Each employee or volunteer has a duty to take action
- Employees or volunteers should not have to cope alone

GOOD PRACTICE GUIDE 1

ACTIONS AND CONSIDERATIONS

THE FIRST PRIORITY SHOULD ALWAYS BE TO ENSURE THE SAFETY AND PROTECTION OF VULNERABLE ADULTS. TO THIS END IT IS THE RESPONSIBILITY OF ALL STAFF TO ACT ON ANY SUSPICION OR EVIDENCE OF ABUSE OR NEGLECT AND TO PASS ON THEIR CONCERNS TO A RESPONSIBLE PERSON OR AGENCY.

- In situations of immediate danger, take urgent action by calling the relevant emergency services (e.g. Police, ambulance, GP)
- Remember to have regard to your own safety. Leave the situation if it is not safe for you.
- Listen to the vulnerable adult, offer necessary support and reassurance.
- Issues of confidentiality must be clarified early on. For example staff or volunteers must make it clear that they will have to discuss the concerns with their supervisor.
- Where a vulnerable adult expresses a wish for concerns not to be pursued then this should be respected wherever possible. However, decisions about whether to respect the service user's wishes must have regard to the level of risk to the individual and others, and their capacity to understand the decision in question. In some circumstances the vulnerable adult's wishes may be overridden in favour of considerations of safety.
- Decisions to override the vulnerable adult's wish not to take the matter further should if possible be the product of discussion with appropriate line management.
- Note your concerns and any information given to you or witnessed by you.
- Report concerns to the appropriate line manager.
- **REMEMBER IT IS NOT NECESSARY OR ADVISABLE FOR YOU TO SEEK EVIDENCE.**

By supporting the vulnerable adult and carefully logging any information given to you at this stage, you will lay the foundations for an effective formal investigation.

- Understand the need not to contaminate, or to preserve evidence if a crime may have been committed.

GOOD PRACTICE GUIDE 2

DISCUSSION AND DECISION MAKING

INFORMATION SHOULD BE SHARED WITH YOUR LINE MANAGER, WHO MUST APPROVE ANY ACTIONS TO BE TAKEN AND ANY DOCUMENTATION OR CORRESPONDENCE BEING SENT OUT.

Employees with concerns should discuss them with their line manager on the same day.

If the line manager is not available, then any concerns should be discussed with the Chief Executive or their Deputy.

Volunteers with concerns should discuss these discreetly with their Coordinator or Line Manager as soon as possible after the abuse or suspicions of abuse are observed. If unavailable then any concerns should be discussed with the Director of Leeds Black Elders Association, or their Deputy.

Concerns about colleagues should be addressed initially with the Line Manager, but if this is not possible or the concern is about the Line Manager or other Senior member of staff, then any concerns should be discussed with the Director.

GOOD PRACTICE GUIDE 3

TO REFER OR NOT TO REFER

THE DECISION TO REFER OR NOT TO REFER SHOULD BE MADE BY THE SENIOR PROJECT WORKER AND THE DIRECTOR SHOULD BE INFORMED.

When considering the decision as to whether to refer elsewhere (e.g. to Police, Social Services, CSCI) the following should be taken into account:

- The wishes of the vulnerable adult, & their right to self-determination
- The mental capacity of the vulnerable adult
- Known indicators of abuse
- Definitions of abuse
- Level of risk to this individual
- The seriousness of the abuse
- The effect of the abuse on the individual
- Level of risk to others
- The effect of the abuse on others
- Whether a criminal offence has been committed
- Whether other statutory obligations have been breached (e.g. CSCI)
- The need for others to know
- The ability of others (e.g. Police, Social Services) to make a positive contribution to the situation

GOOD PRACTICE GUIDE 4

ISSUES OF MENTAL CAPACITY & CONSENT

The consent of the vulnerable adult must be obtained except where:

- The vulnerable adult lacks the mental capacity to make a decision, and a risk assessment indicates that referral would be in their best interests
- Others may be at risk
- A crime has been committed
